

## **Christian Caregiving: A Way of Life**

We will be offering a special course based on the book *Christian Caregiving: A Way of Life* by Kenneth Haugk. The book deals theologically, psychologically, and –most of all- very practically with questions such as:

- Why should we care for others?
- How do I respond faithfully when others are in pain?
- How can our living and caregiving be distinctively Christian?
- How can we use the Bible and prayer in our caregiving and relating?

Christian caregiving is an important part of anyone's life, and of ministry in and around our congregation and our community. We hope this small group will prove to be an enormous blessing not only for you personally, but also Mount Zion.

Each session will be a combination of lecture, discussion, and practice of caring skills. The group offers a rich mixture of practical theology, psychology, and sociology that will help you live your Christianity fully – to practice it holistically. This small group can help you grow in understanding and practice as a caring Christian.

This small group is also a great way to learn more about the methods behind Stephen Ministry and how Christian caregiving can draw you and others closer to God.
